

Kai at National Gallery!

Kai put on his shoes, ready for fun.  
Off to the gallery, here we come!

Kai found a colorful quilt to explore.  
Jump, hop, and play some more!

Peek-a-boo! Kai made funny faces in the mirror maze.

With colorful shapes, Kai built a tall tower.  
It reached up higher and higher!

In a bubble, Kai giggled with glee.  
Look at me, I'm in a sea of green!

Kai touched the screen to create.  
What a marvelous, magical plate!

With a paintbrush, Kai was a little artist.  
Swish, swash, and swoosh!

Kai painted a picture with a magic brush.  
Surprise! Colors appeared with a hush.

Mix and swirl in the color well.  
Watch the colors dance and swell!

Kai watched animals run wild and free.  
What a thrilling, roaring scene!

Kai painted with fingers, bold and bright.  
Colors danced in the digital light!

Wow! Kai's artwork was on display.  
Proudly pointing, "That's mine!" he'd say.

After all that art, time for a snack.  
Yum, yum, a tasty treat to pack!

Time to go, but what a day!  
Kai's art adventure was here to stay.
